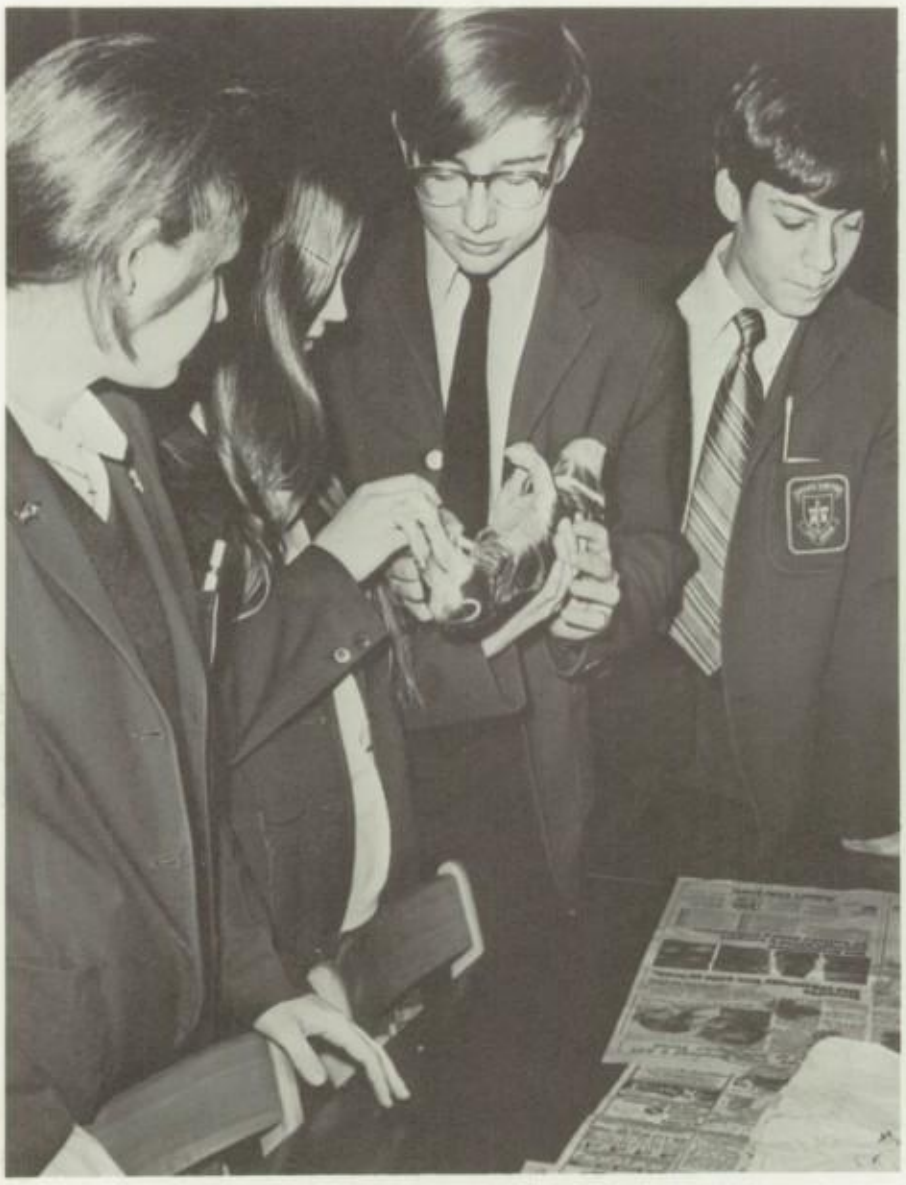
CURRICULUM



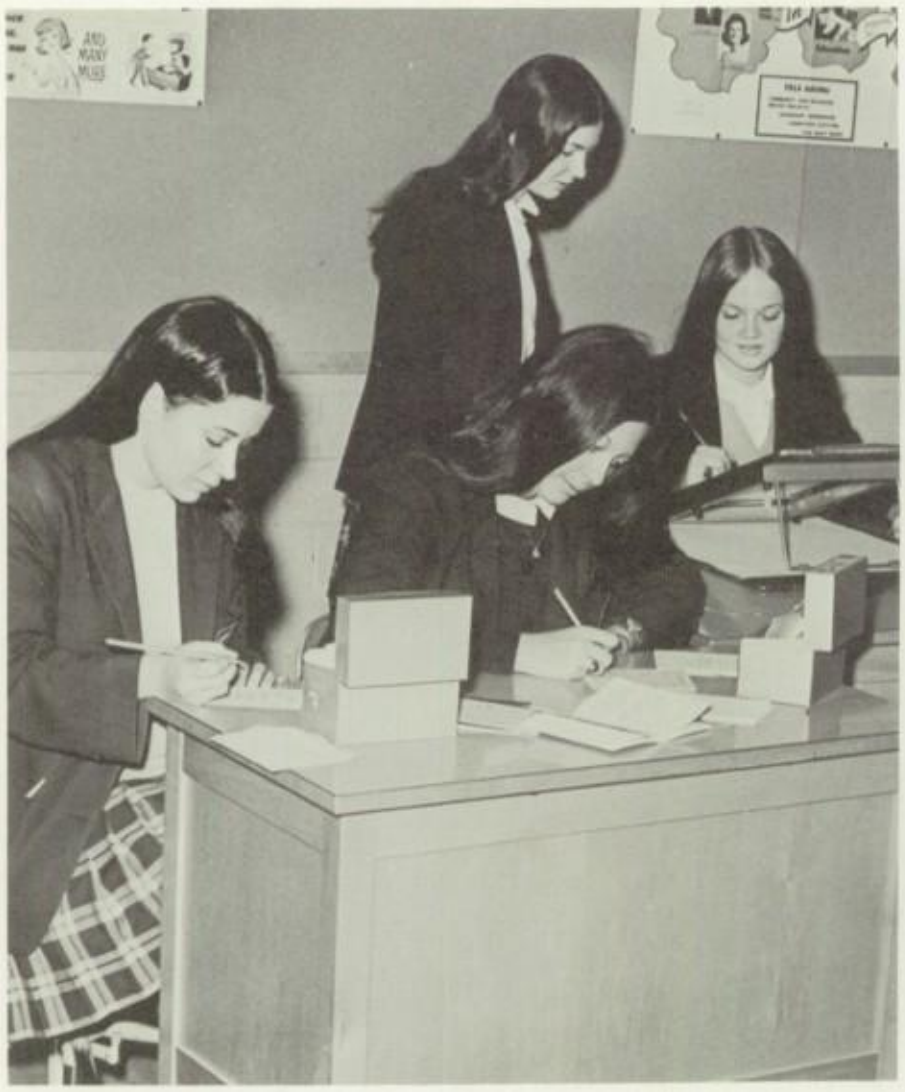
It stands to the everlasting credit of science that by acting on the human mind it has overcome man's insecurity before himself and before nature.

Sciences

Languages

Language is the blood of the soul into which thoughts run and out of which they grow.

Language is a city to the building of which every human being brought a stone.



A man to carry on a successful business must have imagination. He must see things as in a vision, a dream of the whole thing.

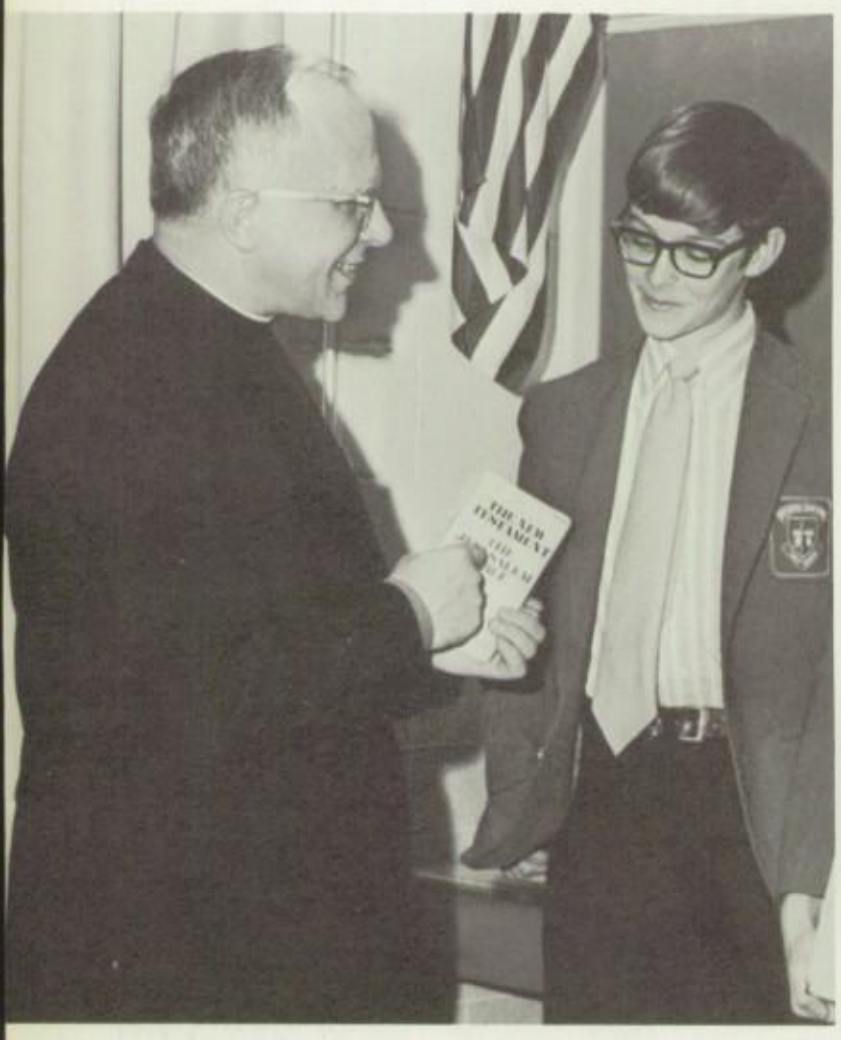
Business

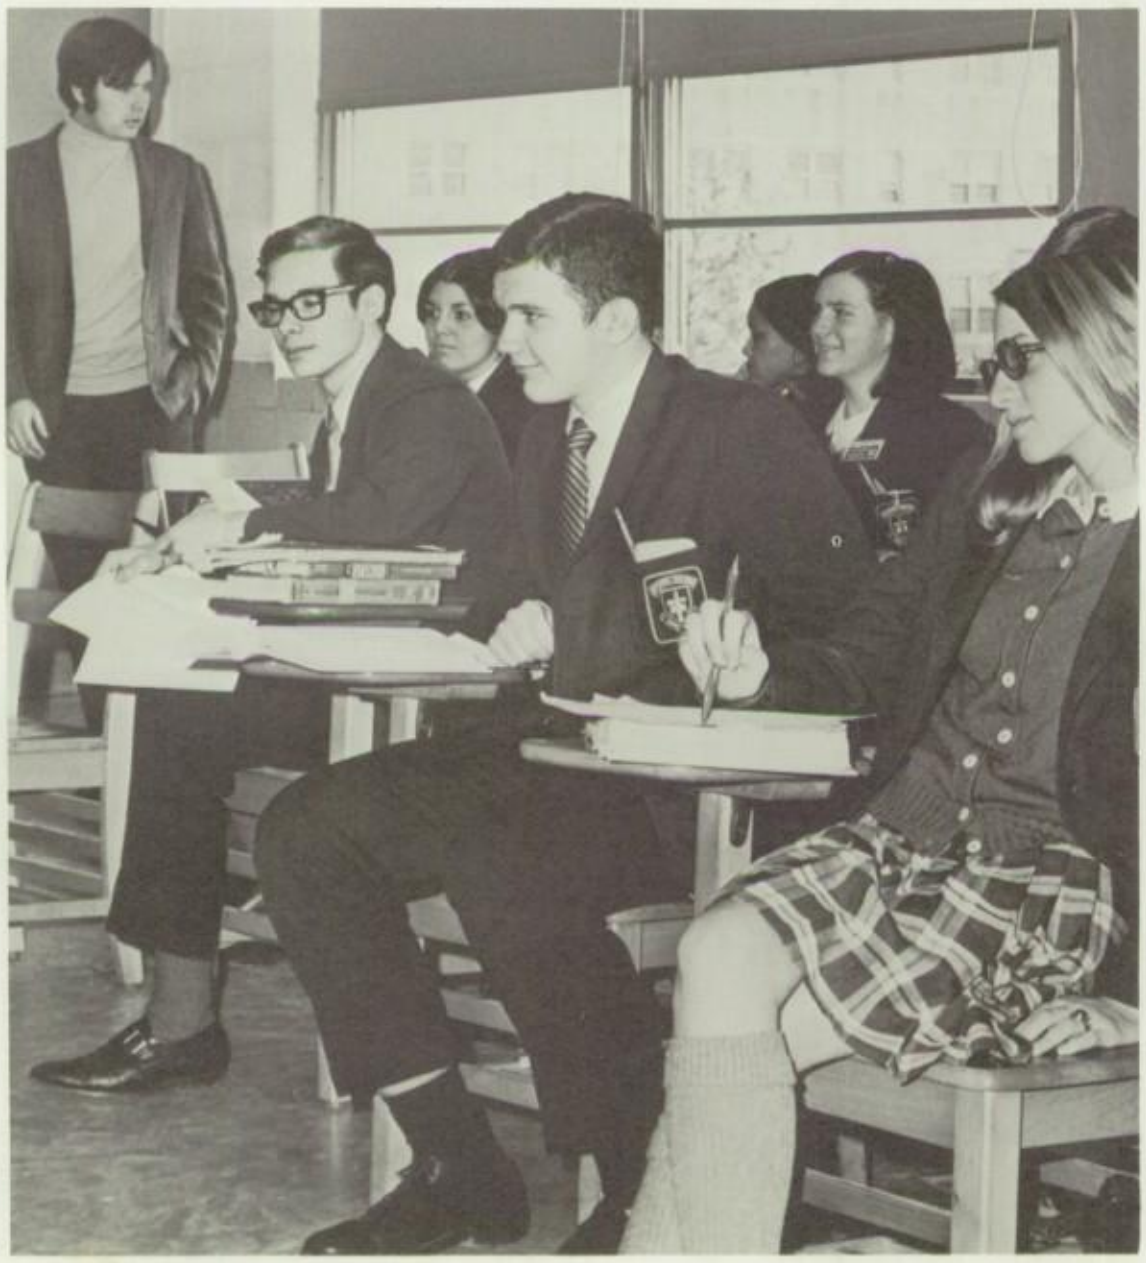
If art is to nourish the roots of our culture, society must set the artist free to follow his vision wherever it takes him.

Culture

Culture is the widening of the mind and of the spirit.

Christianity



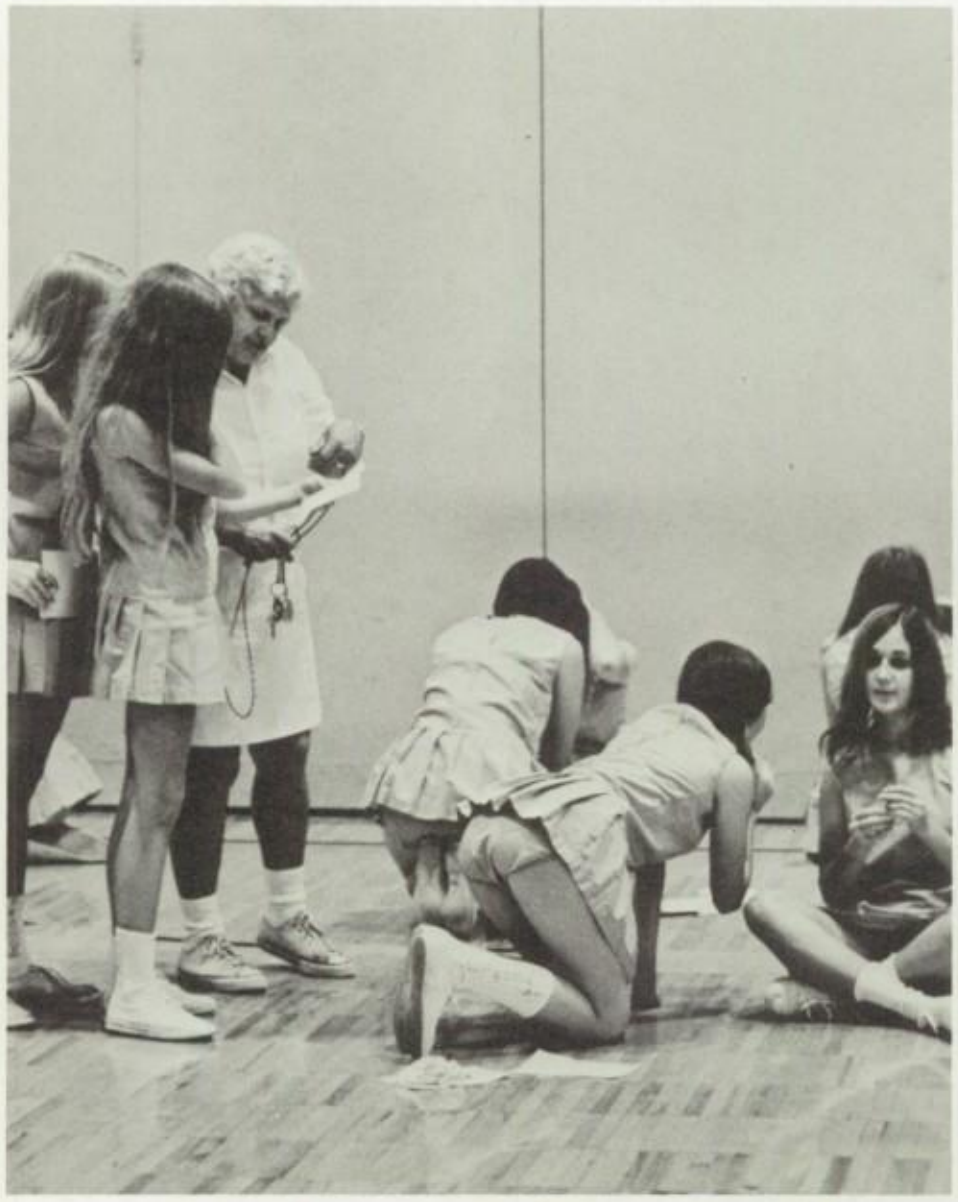


Religion is a candle inside a multicolored lantern. Everyone looks through a particular color, but the candle is always there.

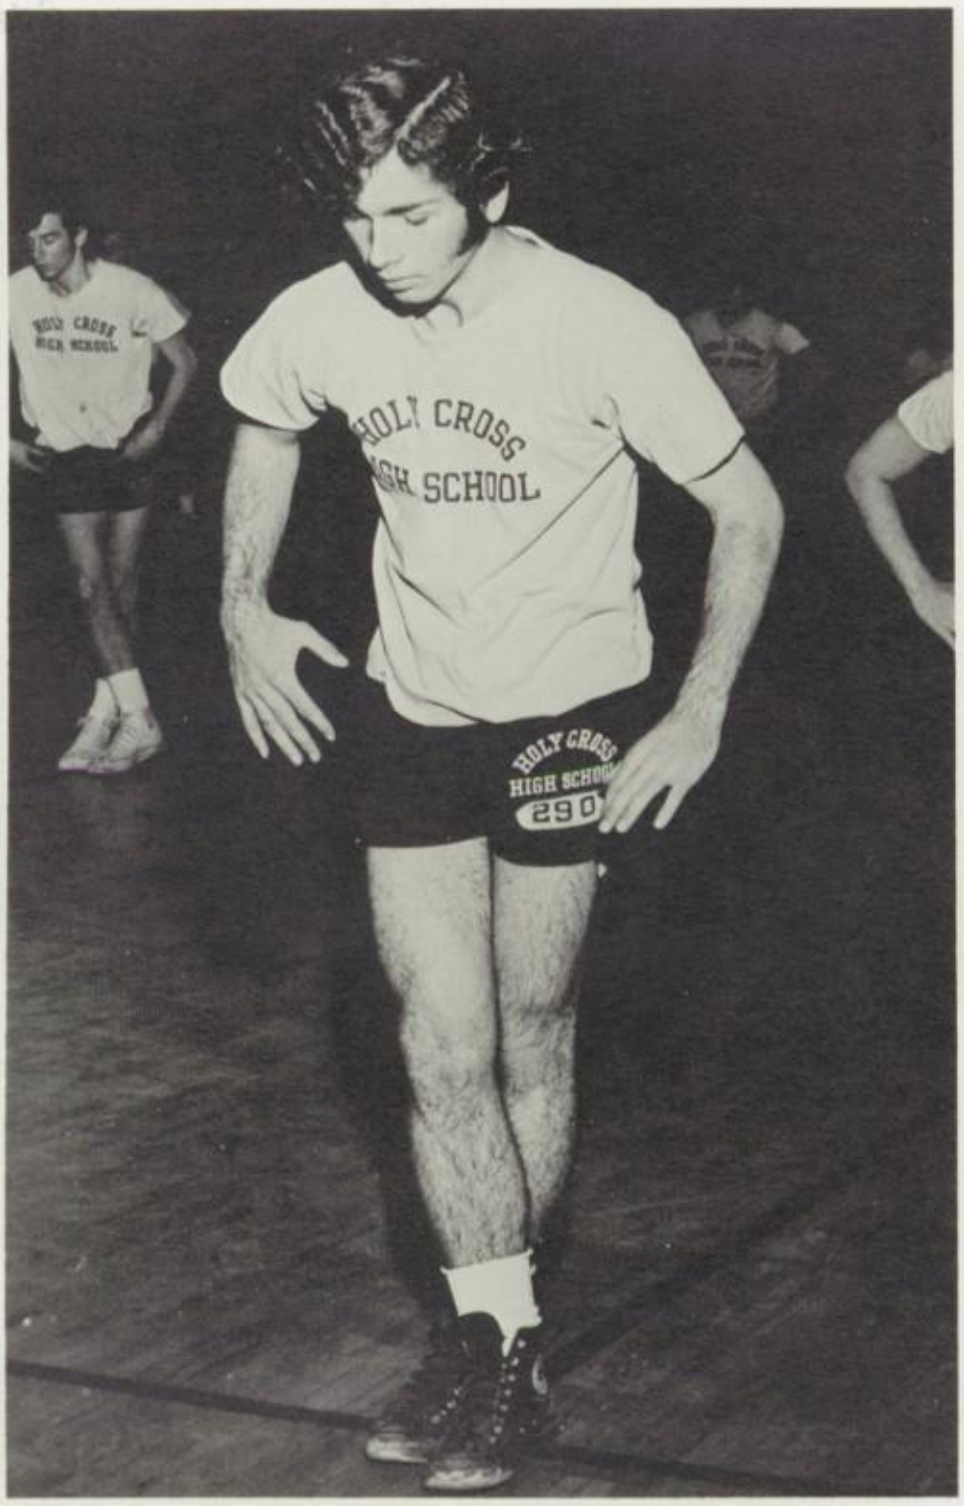
Civilization

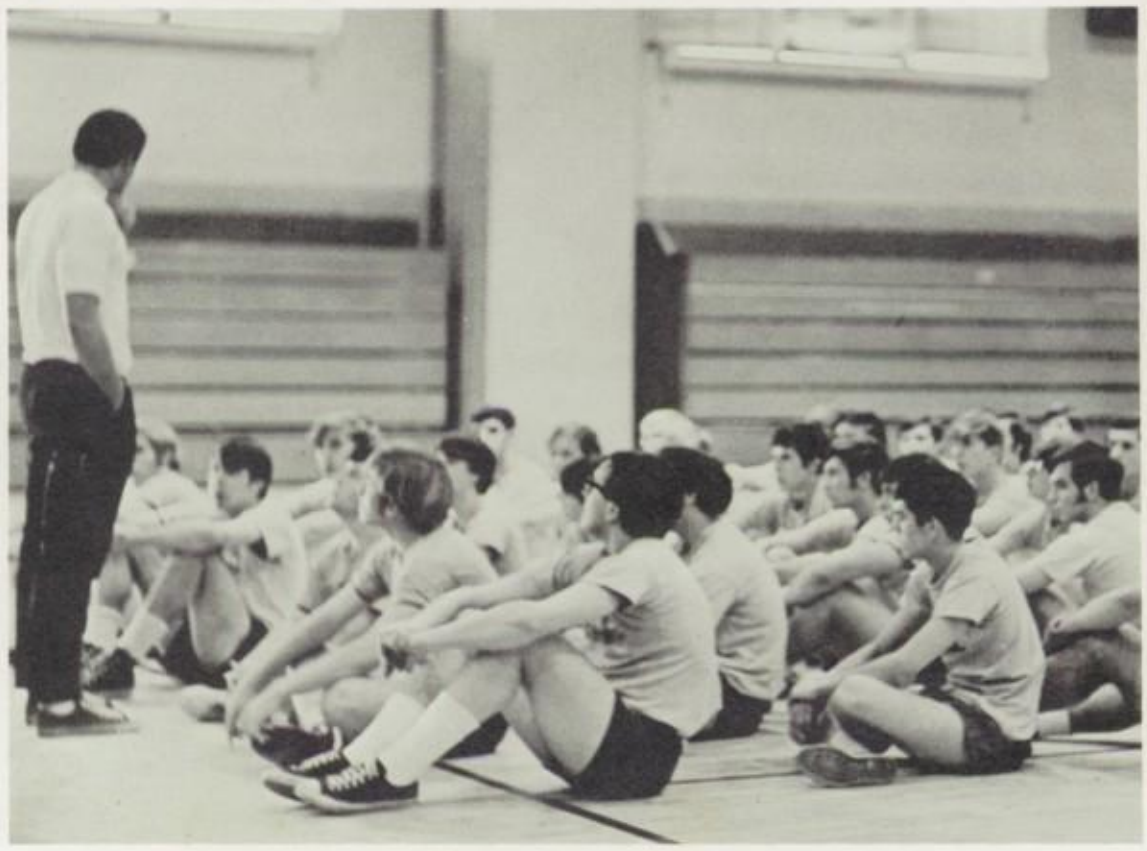
The true civilization is where every man gives to every other every right that he claims for himself.

Physical Education



The human body is a magazine of inventions, the patent office, where are the models from which every hint is taken. All the tools and engines on earth are only extensions of its limbs and senses.





Education is a social progress . . . Education is growth . . . Education is, not a preparation for life; education is life itself.

In every man's heart there is a secret nerve that answers to the vibrations of beauty.

HERE WAS ELSINORE!

On November 27 and 28, for a few short hours, there was presented on Holy Cross stage an Elsinore and a Prince Hamlet such that no high school has ever performed before. The stage, decked with dark, roughened planks and shrouded in black velvet, helped to create the looking, gloomy atmosphere of "something rotten." Soft focus lights picked up the splendor of the Danish court, and the leads in costumes of the Romantic period moved to the broken rhythm and sweeping tones of Richard Strauss.

"The rest is silence."

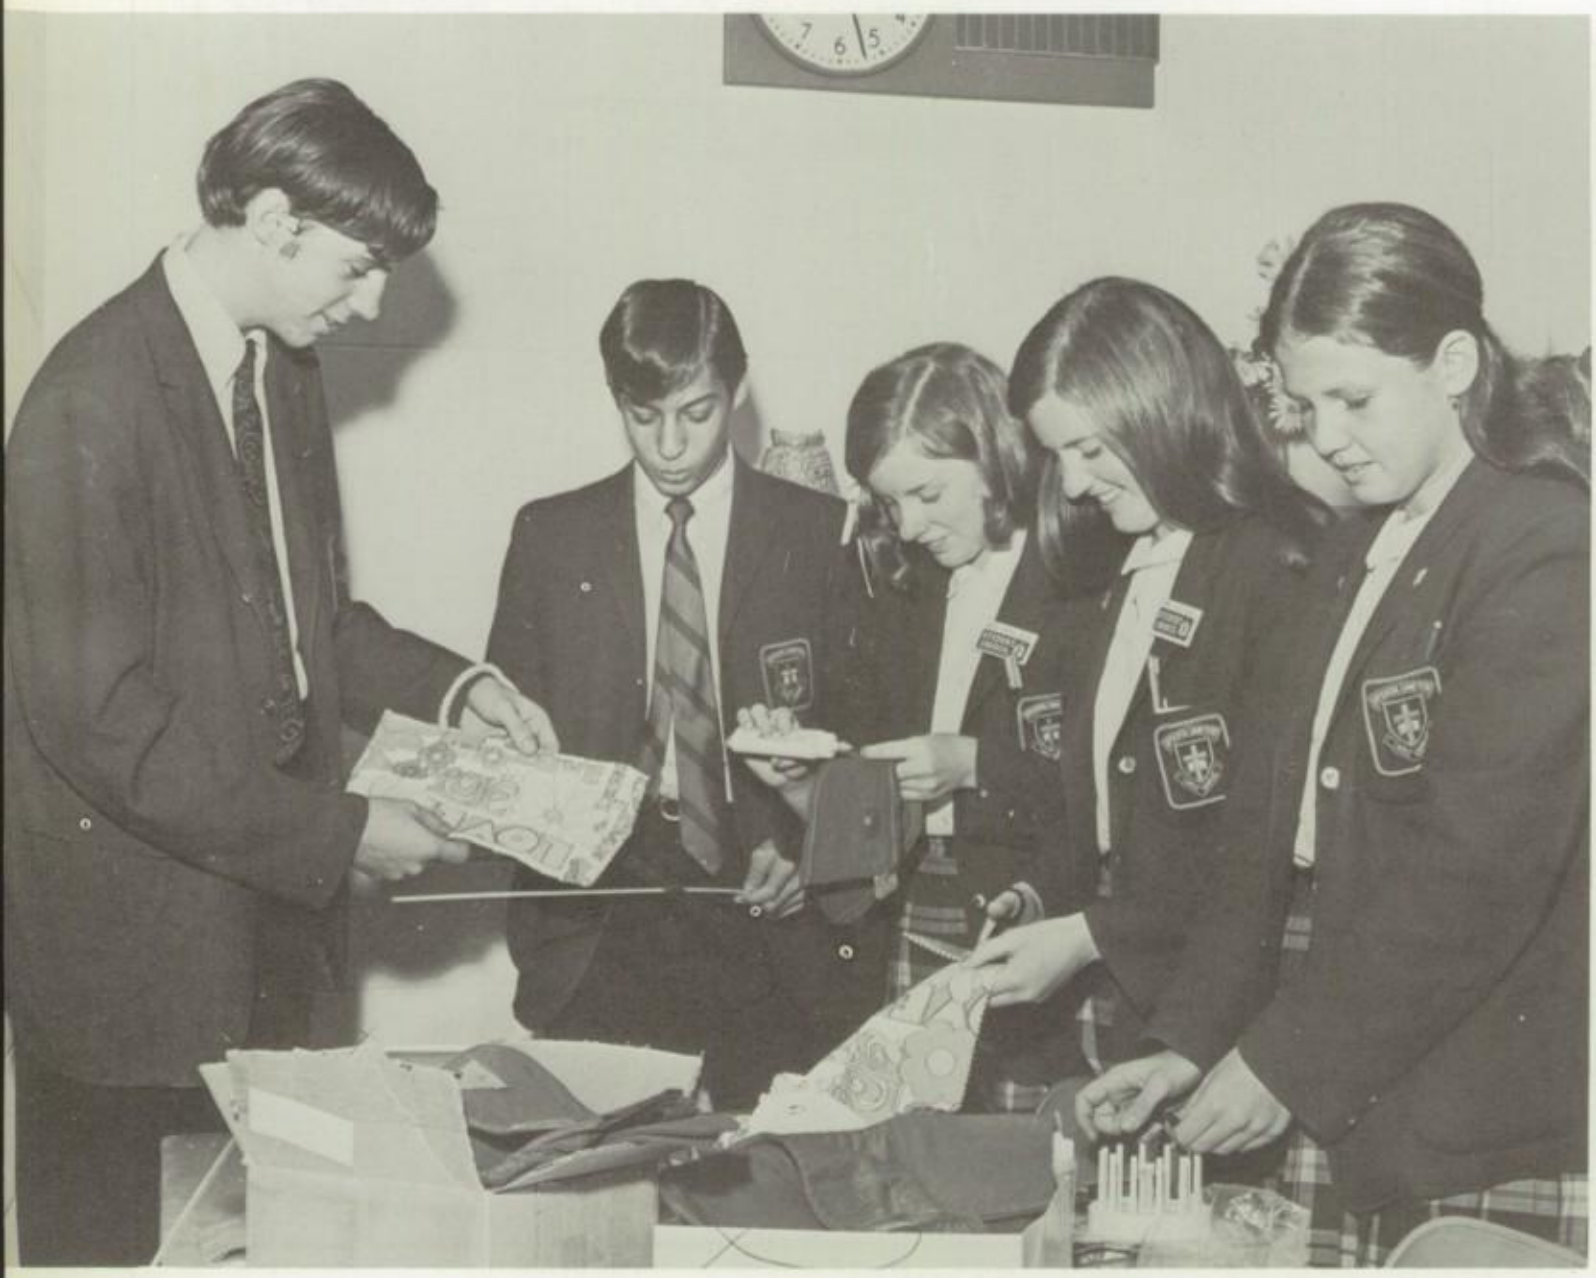
National Honor Society



With the qualities of character, scholarship, leadership, and service as a springboard, the National Honor Society launched a plan through which its influence would be felt throughout the school. Since most of the members actively participate in other school organizations, they tried to foster those qualities in the student body. The tutoring program was the society's biggest effort at sponsoring scholarship throughout the school. With the money which was made at the Christmas Bazaar, the members planned activities with nearby philanthropic groups.

Must a Christ perish in torment in every age to save those who have no imagination?

"Holy Moses, let us live in peace. Let us strive to find a way to make all hatred cease. There's a man over there, what's his color I don't care. He's my brother let us live in peace.

—Elton John

No matter how shadowed things may seem, love is still stronger than hate, courage stronger than fear.

Everybody wants to be somebody: nobody wants to grow—Goethe

Hear my voice and I might teach you
Take my hand and I might reach you

LOOKING BACK; LOOKING AHEAD . . .

And when you part from your friends, you grieve not; For that which you loved most in them may be clearer in their absence, as the mountain to the climber is clearer from the plain. . . Yesterday is but today's memory and tomorrow is today's dream.—Gibran

We start out walking and learn to run.

ODE

We are the music makers,
And we are the dreamers of dreams,
Wandering by lone sea-breakers,
And sitting by desolate streams;
World-losers and world-forsakers,
On whom the pale moon gleams:
Yet we are the movers and shakers
Of the world forever, it seems.

With wonderful deathless ditties
We build up the world's great cities,
And out of a fabulous story
We fashion an empire's glory:
One man with a dream, at pleasure,
Shall go forth and conquer a crown;
And three with a new song's measure
Can trample an empire down.

We, in the ages lying
In the buried past of the earth,
Built Nineveh with our sighing
And Babel itself with our mirth;
And o'erthrew them with prophesying
To the old of the new world's worth:
For each age is a dream that is dying,
Or one that is coming to birth.
